EXPERIENCE

SOFTWARE DEVELOPER | Sulzer US, LLC | Montvale, NJ | May 2019 - Present

- Working on multiple large-scale software projects for BMW USA with a focus on the front end. (*JavaScript, TypeScript, Angular, Git, HTML5, CSS3, SASS, NgRx, React, Java*)
- Designed and developed multiple new application features.
- Significantly increased application performance and code quality for multiple projects through debugging and refactoring existing code.
- Regularly involved with internal and client-facing discussions conceptualizing and defining product/feature requirements.
- Responsible for preparing and presenting product demos.

WEB DEVELOPER/MARKETING INTERN | Designity | Newark, NJ | June 2018 - August 2018

- Developed multiple websites for internal efforts and company clients. (*HTML5, CSS3, JavaScript, WordPress, PHP*)
- Produced original social media content on a daily basis for multiple platforms. Significantly increased new and existing follower activity across all platforms. (*Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects*)
- Brainstormed, designed, and implemented highly successful marketing/brand initiatives alongside fellow team members.

WEB DEVELOPER INTERN | The Joey Creative Agency | Hoboken, NJ | July 2016 - September 2017

- Designed, developed, and maintained websites for multiple company clients. Integrated websites with company-built CMS. (*HTML5, CSS3, JavaScript, PHP, WordPress, MySQL, Photoshop*)
- Assisted with post-production for multiple video commercials and advertisements for company clients. (*Adobe Premiere Pro, Adobe After Effects*)

WEB DEVELOPER INTERN | Creating Digital | Hoboken, NJ | June 2015 - September 2015

- Designed and developed multiple websites for company clients. (*HTML5, CSS3, JavaScript, PHP, WordPress, Adobe Photoshop*)
- Continued development on an internal employee management application by implementing new features, refactoring code, and fixing bugs. (*HTML5, CSS3, PHP, MySQL*)

PERSONAL WORK

Verton | <https://vertonai.com/>

- A digital assistant for Windows with a focus on user-customizability. (*C#.NET, WPF*)
- Using a built-in command creator, users can create and edit their own custom voice and text commands.

EDUCATION / VOLUNTEER EXPERIENCE

STUDENT | High Tech High School | Secaucus, NJ | 2015 - 2019

- A highly selective magnet public high school. Considered to be one of the best high schools in New Jersey.
- Primarily studied Digital Design and took additional classes related to computer science, architecture, and industrial/product design and fabrication.

STUDENT | Summer Computer Science Program | Stevens Institute Of Technology | Hoboken, NJ | 2017

- Selected among a highly competitive pool of nationwide applicants to participate in a two-week computer science program.
- Classes included Data Structures and Algorithms, Designing a Programming Language, Machine Learning, and Web Design.

VOLUNTEER | Hoboken Public Library Makerspace | Hoboken, NJ | 2015 - 2016

- Assisted Library staff with setting up and maintaining 3D printers, computers, music equipment, VR headsets, and more.
- Taught and assisted program participants with using Makerspace equipment and additional software such as CAD programs and various graphic design tools.

ABOUT ME

An eighteen year old self-taught, highly driven software engineer and lifelong technology enthusiast who is passionate about building exciting technology products, learning about new technological topics and concepts, and thinking about how software, platforms, and technology affect today's culture and society.
